DEMANDS MAY BE MODIFIED

LATEST PHASE OF PEACE CONFERENCE

Believed that Japan will Make Concessions—Good Offices of the President Tendered—Eng- land Not Asked to Advise

Portsmouth, N. H., Aug. 21.—Results of President Roosevelt's effort to save the peace conference from failure remains in suspense. No direct reply to the president's proposition communicated by Witte yesterday has come from Emperor Nicholas to light, but other advisers from St. Petersburg indicate the emperor and his counselors are unshaken in their determination to neither cede territory nor pay war tributes. What the president is doing on the Japanese side remains as deep a mystery as ever. Little light is shed upon the visits of Kaneko to Oyster Bay. The Japanese do not even admit he is their medium of communication with the president. They go no farther than to reiterate that Roosevelt understands their position and that they have the fullest confidence in him. They give not the slightest indication that they have in any way changed their position or are prepared to yield more than they were last Friday when the plenipotentiaries adjourned until tomorrow.

It Witte does not receive fresh instructions before 3 o'clock to tomorrow afternoon the situation will be exactly what it was when the adjournment was taken Friday. A direct termination is hardly anticipated. Komura, if Witte has nothing to propose, might present Japan's irrefragable minimum embodying the final concession she is prepared to make, if she is prepared to make any, or formally propose collective consideration of all articles still in dispute. Any move on either side would involve another adjournment or such an adjournment might be frankly proposed by Witte, as he would not be guilty of the discourtesy of allowing the conference to go to pieces before receiving a reply to President Roosevelt's proposition.

There is warrant for the statement that Witte personally sympathizes with the president's proposition no matter how it may be regarded by his imperial master and the latter's advisers. General belief here is that President Roosevelt, while he has the moral support of people of neutral powers, has not received the active aid he expected.

Among the Japanese tonight not a note is sounded. With great reluctance they seem almost resigned to shipwreck of the conference. They declare their position is unchanged and they speak of renewing the war with a snarl of their black eyes which speak volumes for their confidence in the success of Oyama when the word is given to advance.

Witte took occasion this morning to deny that the president had proposed that the existing difference be submitted to arbitration. The statement made in the Associated Press dispatches last night was not intended to convey the idea that arbitration was the solution. The president primarily wants the two countries to continue to try to adjust their differences themselves and by concessions reach an agreement, but according to the Associated Press information, suggests the principle of arbitration as the possible final method for adjusting any points remaining in dispute. The president's role is a very delicate one and what he has done is described as "unofficial."

RUSSIA'S ATTITUDE

Her Final Answer on the Con- verted Points Sent

St. Petersburg, Aug. 22.—The Russian government's final communication to Witte, outlining the course he shall pursue at the reopening of the peace conference at Portsmouth, are still in process of being put into cipher prior to being forwarded to America.

The Associated Press is in position to state that when the nature of these communications becomes generally known it will be seen that in a sincere desire to effect satisfactory settlement, the government has gone so far as its extremely vital state interests will permit. It can further be said that for reasons the government is firmly convinced that in case of failure of negotiations the responsibility will not rest with Russia which has conceded much already. It is impossible to learn the actual contents of the government's communications to Witte, but it can be declared that the requirements of the state make concessions on questions of indemnity and Sakhalin, as these questions were originally presented by the Japanese impossible.

It is certain that in the matter of concession the four points now in dispute have been considered and studied here in the light of concessions. Russia has already granted on the other eight articles the foregoing is a brief but accurate outline of the platform upon which Witte will meet Japanese plenipotentiaries to day.

ROSEN'S REPORT REGARDING HIS INTERVIEW WITH PRESIDENT ROOSEVELT HAVE BEEN RECEIVED HERE AND THEIR PERSONAL BY THE GOVERNMENT HAS ONLY INCREASED THE FEELING OF GRATITUDE AND APPRECIATION FOR THE PRESIDENT'S CONTINUED EFFORTS. A HOPEFUL FEELING WAS NOTICEABLE HERE YESTERDAY (Monday) THAT PEACE WAS STILL POSSIBLE, AND IT IS BELIEVED THAT SHIRAKAWA'S ANSWER IS BELIEVED BY SOME THAT RUSSIA'S ANSWER WILL GIVE MATERIAL EVIDENCE OF SUCH SINCERE DESIRE TO REACH SETTLEMENT THAT JAPAN WILL PRACTICALLY BE FORCED TO ACCEPT IT OR APPEAR BEFORE THE WORLD AS UTTERLY UNREASONABLE AND INSATISFIED. IT IS BELIEVED THE QUESTION OF SURRENDER OF THE INTERNED SHIPS AND LIMITATION OF RUSSIA'S NAVAL POWER IN THE FAR EAST WILL BE SATISFACTORILY SETTLED. THERE REMAINS THE QUESTION OF PAYMENT OF INDEMNITY AND CESSION OF SAKHALIN BY RUSSIA.

RESULT OF NEGLIGENCE

REPORT ON THE BENNING- TON DISASTER

The Court of Inquiry Finds Two
Persons were at Fault in their
Duty and Recommend Court
Martial.

Washington, Aug. 21.—The findings and opinion of the court of inquiry which investigated the fatal explosion on the gunboat Bennington were made public by Secretary Bonaparte of the navy department this afternoon. The court expressed opinion that the explosion was caused by excessive steam pressure in "Boiler B," resulting from closing the valve connecting the boiler with the steam gauge. The court is also of the opinion that D. N. Holland, a fireman on duty, had made the mistake of shutting off the valve. The court further finds that Ensign Charles D. Wade of the engineer department of the ship was at fault in failing to see that the steam valves and safety valves were overhauled at the proper time and kept in good order, having accepted the verbal statement of subordinates that this had been done in March. It is clear that he was negligent in the performance of his duty and should be brought before a court martial, said the report. The navy department has not yet acted upon the proceedings and findings.

AT OYSTER BAY

The President Still Active in Be- half of Peace—Kaneko Again Calls

Oyster Bay, N. Y., Aug. 21.—President Roosevelt has not abandoned hope of successful issue of the peace conference. Neither has he relaxed his efforts to prevent a rupture between the conferees when they reconvene to morrow.

Events of importance succeeded each other rapidly here to day. On an early morning train Baron Kaneko, confidential representative of the Japanese government, arrived in Oyster Bay and was received as soon as he arrived at Sagamore Hill. That he was the bearer of important information there is no doubt, but the nature of his message was not disclosed. He remained with the president three-quarters of an hour. At the conclusion of the conference the baron declined even to discuss the situation. He telegraphed to discuss his occasion. He expressed the opinion, which he was careful to note was simply his own, that Japan had made every concession in the conference that a victorious power could be expected to make and that the Japanese people would resent any serious recessions by the emperor from the position they had taken.

Following Kaneko's visit the president had his acting secretary Barnes with him for two hours.

Late in the day important messages were received from Portsmouth, responses to which occupied the president's attention for a considerable time. Not the slightest indication of the character of the correspondence was permitted to become public. The president declines either to confirm or deny any of the statements made about the proposition which he submitted to the Russian envoys through Rosen. There is strong reason for the opinion, however, that the proposition involved far more than a mere suggestion that the matters in difference between the envoys be submitted to arbitration of an impartial tribunal. The statement heretofore made in these dispatches that powerful pressure, not alone from President Roosevelt, but from neutral powers of Europe, is being brought to bear upon Russia and Japan to insure successful issue of the conference can be reiterated. Whether that influence takes the form of modification of Japanese terms, of insistence that Russia make the best bargain she can, or of an entirely new plan to bring about agreement cannot be ascertained. No intimation of the president's opinion of result of the meeting when the conferees reconvene to morrow is given, but that hope of peace yet springs from conditions surrounding the conference is evident.

ARREST OF LEADERS

St. Petersburg, Aug. 21.—The police at last have applied a check to the activity of the central bureau of the league and confederation of professional reform or- ganizations by descending on a meeting to day of the central committee and ar- resting ten leaders present. In this com- mittee are included university lecturers, doctors, engineers, lawyers and other pro- fessional men. Organizations of which the league is made up are composed of the most advanced reformers and since its or- ganization the central bureau has passed through radicalism to the verge of revolu- tion. Many of its later proclamations and appeals have been couched in terms al- most as seditious as those of the social- ists.

A BIBLE CONFERENCE

Warsaw, Ind., Aug. 21.—Large attend- ance marked all meetings of the Winona Bible conference at Winona lake to day. The speakers to day included Rev. W. E. Wright, of Kalamazoo, Mich., and other prominent eastern and western clergymen.

GASOLINE VICTIMS

Toledo, Ohio, Aug. 21.—Two children Mrs. Henry Dillon were burned to death and the mother so badly injured she may die. The house was completely destroyed by fire which followed the explosion of a gasoline stove.

MULCTED OFFENDERS

A Cleveland Police Judge and Constable Convicted of Extortion

Cleveland, Ohio, Aug. 21.—Police Judge Whelan today sentenced Justice of the Peace Fellows, of Cleveland, to serve twenty days in the work house and pay a fine of \$100 and costs upon the charge of having collected illegal fees from persons brought into his court.

STORM IN WISCONSIN

LaCrosse, Wis., Aug. 21.—A severe rain, wind, hail and electric storm swept over the county north and west of here during the night. Great damage was done. In some cases the storm took the form of a tornado. Hail completely ruined growing crops in large sections of western Wisconsin and southern Minnesota. Traffic on the Milwaukee and Burlington roads was completely demoralized.

STREET CAR ACCIDENT

Milwaukee, Aug. 21.—Henry Allpass was killed, several other persons seriously injured and many others slightly hurt in an accident to a street car near White Fish bay late last night. The accident was the result of a car overturning from too rapid running around a curve. There were sixty persons in the car at the time.

DEATHS

New York, Aug. 21.—Thomas Curtis, first president of the American Bowling Congress, known throughout the country as "the father of bowling in America," is dead of typhoid fever at his home in Brooklyn, aged 70.

FEVER IN MISSOURI

Keokuk, Iowa, Aug. 21.—A case of yellow fever is reported from Gregory, Mo., eleven miles south of Keokuk. A Greek laborer on railroad construction has been quarantined, his case being pronounced yellow fever. He came from Natchez a few days ago.

TO LEND EVERY ASSISTANCE

Paris, Aug. 21.—Officials, both governmental and diplomatic, apparently are preparing to lend every assistance to avert failure of peace negotiations at Portsmouth. Premier Rouvier has suspended his vacation in Switzerland for the purpose of attending a special cabinet council Thursday next.

NOT REQUESTED

London, Aug. 21.—The Associated Press was informed at the foreign office to day President Roosevelt had not requested the British government to make representations to Japan on the question of peace. The foreign office thinks it would be impertinent for the British government to request Japan to modify her demands.

DUNNE'S SCHEME GETS BLOW

London, Aug. 21.—Through Charles T. Yerkes comes a statement that amounts to a threat that not only the municipal ownership of the street railways of Chicago, but the final settlement of the internal troubles of the Union Traction system depends entirely on what the bondholders of the system may or may not do. The statement is that if Chicago is going to buy the Union Traction company lines it must deal with the bondholders and not the shareholders. The opinion is expressed that whatever happens to the municipal ownership plans of Mr. Mayor Dunne, ultimately the bondholders will foreclose on their mortgages and take the properties into their own hands.

MURDER OR SUICIDE

La Crosse, Wis., Aug. 21.—Suspicion of murder is entertained by the coroner's jury at Trempealeau, Wis., in the investigation of the death of Fred Claffier, a wealthy farmer at Stockton, Minn., whose body was found in the Mississippi river there this morning. He is supposed to have had a large sum of money on his person. It is thought Claffier went to Winona, Minn., and while there was murdered for his money or committed suicide.

BODY FOUND

Chicago, Aug. 21.—The body of a man, who from papers found in his clothes, is supposed to be B. W. Hartnett, formerly a train dispatcher for the Wabash railroad at Decatur, Ill., and whose home was at Hornellsville, N. Y., was found floating in the Chicago river this afternoon. There were no marks of violence on the body and it is supposed the man either committed suicide or fell into the river.

FOR SEPARATE STATEHOOD

Muskogee, I. T., Aug. 21.—A separate statehood constitutional convention with nearly two hundred delegates representing five civilized tribes present opened here to day.

ASSASSINATION STORY DENIED

Vichy, France, Aug. 21.—The report circulated to the effect an attempt had been made on the life of the shah of Persia is denied.

DEATH RATE IS SMALL

MAJORITY OF FEVER VIC- TIMS RECOVER

Outlook is Better than Ever for
a Speedy Eradication of the
Dread Disease at New Or-
leans—The Situation.

New Orleans, Aug. 21.—Official fever report to 6 p. m.:

New cases, 41.
Total cases, 1,446.
Deaths to day, 9.
Total deaths, 205.

New Orleans, Aug. 21.—Though there was an increase to day both in the number of cases and fatalities, hopefulness continued to pervade federal headquarters touching the local yellow fever situation. The federal authorities have not yet reached a point where they are willing to prophesy complete extermination of the disease before frost, but they feel there is reason for the prediction that a repudiation of serious epidemics of the past is no longer to be reckoned with.

In to day's list of fatalities two deaths appear as having occurred in the marine hospital. They were sailors admitted to that institution. Another death was in the French asylum where a half dozen cases have been reported to date. These are the only two public institutions outside the hospitals in which cases of fever had to be handled.

KILLED IN FEUD FIGHTS

Tennessee and Kentucky Fam- ilies Again Clash with Fatal Result.

Hartman, Tenn., Aug. 21.—Information was received here of a bloody feud battle near Alice, a station on the Queen & Crescent railroad. Frederick Miller and son John, aged 25, and Fred Johnson were killed and Henry Miller, 18, dangerously wounded. The men were enroute to the station and were fired upon from ambush. For more than twenty years a feud war has raged between the Miller and Rawlings families. It is not known what members of the latter family were engaged in the fight. It is feared other killings will follow.

Clay City, Ky., Aug. 21.—In a desperate feud fight on Black creek, in Powell county, Campbell Anderson was killed, Tom and Cale Morton, brothers, seriously wounded and Will Peasley and Troy Plunkett slightly hurt. More trouble is expected.

BACK FROM PANAMA

New York, Aug. 21.—Sixty-two Panama canal employees arrived to day on the steamer France from Colon. A majority of them were laid off because of temporary abandonment of work on the Culebra division. Nine cabin passengers and six members of the crew were removed from the boat at quarantine suffering from high temperatures.

QUARANTINE AT CAIRO

Cairo, Ill., Aug. 21.—State and local health officers to day adopted the Memphis quarantine plan and also decided to recognize certificates issued at several points in Kentucky and Birds Point, Mo. Authorities came over from Charleston, Mo., to consult Secretary Fagan and the secretary agreed to raise the ban against Birds Point as soon as they discontinue issue of unlawful health certificates, which they agreed to do at once. In a few days it will be impossible for any one to enter Cairo without first securing a permit from authorities here.

STORM IN MINNESOTA

La Crosse, Wis., Aug. 21.—One man killed, several missing at Lanesboro, and Rushford, Minn., and crops destroyed by a tornado which swept southern Minnesota Sunday night. All telephone communication has been cut off and details are lacking.

Foster Danielson was killed at Pilot Mound in the wrecking of a church. Five men report the entire destruction of their homes and the loss of members of their families to the authorities at Janesboro. James Tull, a farm hand employed by Frank Sangers, is missing. Search has been made with this man and the families of C. Danielson, R. B. Oss, Andrew Maus, W. Crocker and Frank Sanders have not been found up to a late hour to night. Thousands of dollars damage was done to buildings and crops.

IRRIGATION CONGRESS

Portland, Ore., Aug. 21.—The thirteenth annual meeting of the National Irrigation congress with more than a thousand delegates present assembled to day at the Lewis and Clark auditorium.

POLAND OBJECTS

Also Want Representation in the Russian Scheme for Rep- resentation.

Warsaw, Aug. 21.—A general strike has been proclaimed throughout Poland as a protest against disregard of the right of Poland in the scheme for representation in the national assembly. The strike began here to day.

Eighty societies, carrying arms, while attempting to enter the city were opposed by detachments of Cossacks and eight socialist killed. Employees of factories at Warsaw, Lodz and Pabianice joined the strike.

TO HOLD ANNUAL CONVENTION

LaCrosse, Wis., Aug. 21.—At a conference to day between Thomas Wilkinson, of Burlington, Iowa, president of the Upper Mississippi Improvement association, and an advisory committee representing Wisconsin, Minnesota, Illinois, Iowa and Missouri it was decided to hold the annual convention of the organization at LaCrosse Oct. 10-11 next. The Upper Mississippi River Improvement association was formed with the object of securing a deep water channel on the Mississippi river from St. Paul to Cairo, Ill., and at the LaCrosse meeting the scope of the improvement wanted and plans to be laid before congress at the coming session will be defined.

MIDSUMMER GATHERINGS

Waterloo, Iowa, Aug. 21.—The midsummer gathering of the middle western section of the National Young Women's Christian association is being held here. Several hundred delegates are on the camp ground at Cedar River park. Some of the prominent college presidents of the United States are present and the national officers. The meeting will last ten days. Delegates are present from fourteen states of the middle west.

Williams Bay, Wis., Aug. 21.—Questions of association buildings were discussed at the National Young Women's Christian association conference here to day. Rockford, Ill., reported buildings under erection. Associations at Erie, Haute, Toledo, Akron and that canvasses for new progress.

CRASHED INTO STREET CAR

NINE KILLED AND MANY INJURED

Butte, Mont., Has a Calamity—
Train was Neither Seen Nor
Heard Until it Had Done Its
Work.

Butte, Mont., Aug. 21.—A collision between a street car and a freight train cost the lives of nine persons late Sunday night. In addition fourteen were injured, one fatally.

The accident came as a climax to a day of merry-making at Columbus gardens where the throngs congregated to enjoy a Sunday outing. The street car was filled with the pleasure homeward bound, when it was run down by a Butte, Anaconda & Pacific train.

The crowded street car was struck squarely and crushed like an egg shell. Those who witnessed the accident regarded it little short of miraculous that any one should have escaped death.

It is not known whether the conductor made the usual stop and the conductor examined the crossing for approaching trains.

The street car bumped its way noisily on to the railroad track when out of the jammed up the heavy form of a string of freight cars backing rapidly. On top of the first freight car Conductor Hoagland of the train fruitfully waived a lantern and shouted a cry of warning. It was unheeded. A moment later the freight train plowed its way through the fragile street car, grinding limbers, steel and iron braces and fragments of humanity into a horrible mass.

The victims were pinned in the debris and a number were crushed out of shape and had limbs cut and torn away. One woman buried deep under the wreck, had both feet severed at the ankles. Her cries were agonizing while officials and volunteers labored to reach her. The protruding mangled limbs and the cries of the woman were the only guides the rescuers had to govern their work. The woman finally fainted. Her identity is unknown.

NEWS GLEANED FROM RAILROADS

Newhall of Wabash Resigns—
E. B. Oliver, Injured at Ridgely—
Shop Notes and Personal
Mention.

W. S. Newhall, for many years chief engineer of the Wabash, has tendered his resignation and will retire from the service Sept. 1 to engage in manufacturing business. General Manager Miller announced that A. O. Cunningham, bridge engineer of the Wabash, would succeed Mr. Newhall. The position of engineer will be abolished.

The Wabash freight house is now completed and the work of moving from the old house to the new one was completed Monday evening. The work of tearing down the old house will begin this morning by the A. Cohen Iron Co., and is to be removed in ten days time. The company will then begin the laying of two new sidings which will run along the north side of the new building.

E. B. Oliver, who is foreman on the C. & A. interurban, which runs through Ridgely, was injured in a wreck Saturday afternoon about 5:40 o'clock. The car in which Mr. Oliver was riding was derailed and he jumped to the ground while it was running at full speed. Both arms were lacerated, one too broken and numerous other bodily injuries sustained. His injuries will keep him from his work for several weeks.

Baggage car No. 31 was derailed to Havana Monday on C. P. & St. L. train No. 39.

The people of Oklahoma City, Okla., are highly elated over the fact that a boiler has been installed in the city gas plant. This is the first boiler which was ever built in that city and the work was done by Messrs. Duffner and Dressendaffer. These young men served their time in the Wabash boiler shop at Springfield under Phil Rencher, who is now foreman at the local shops.

The Wabash interlocking gang under Foreman Ulin, of Decatur, are working on some signal poles in the local yards.

Thomas Flynn, foreman of the Alton section gang, and Robt. Runkle spent Sunday in Chandlerville fishing. They report a big catch.

The Wabash supply car passed through the city Monday on passenger train No. 22.

Passenger train No. 22 on the Wabash carried the United States fish commissioner's car from Springfield to Meredosia.

E. M. DeOrnellas, C. & A. tower man, spent Sunday with friends and relatives in Peoria.

The excursion to Springfield over the Wabash was well patronized Sunday, 117 going from here on a special that left at 9:31 a. m.

SHOP NOTES.

Mr. Roberts, of the machine shop, has been called to Beardstown by the illness of his father.

Wier Bruner is back at his old post in the tool room.

Harry Cobb, foreman of the blacksmith shop, has returned from a visit in Cleveland, Ohio.

Picked teams from the blacksmith shop and machine shop will play a game of baseball Sunday.

The C. P. & St. L. Mutual Benefit society will meet to-morrow night.

James Tobin, of the boiler shop, is laying off on account of illness.

Mike Kennedy, of the boiler shop, went to Havana Monday.

Martin Bush, of the paint shop, laid off Monday on account of sickness at home.

J. T. Powers and Frank Shanahan, of the paint shop, are working on a car in East St. Louis.

Walter McHenry, of the paint shop, is spending several days in Meredosia.

William Meyers, of the blacksmith shop, is spending his vacation in Hot Springs.

SWIMMING CONTEST.

The swimming contest at the Y. M. C. A. building Saturday night came off as previously mentioned.

More than 150 people were present and all had a good time. The list of successful contestants follows: Long distance swim, Knight Crawley; long dive, Maurice Peckham; tug race, Kenwith Grantham; tug of war, Lloyd Malone's team; short distance swim, Maurice Peckham; twenty-five cent dive, Julian Malone.

MADEIRA EXILES

Will Hold Annual Celebration
at Nichols Park—Sept. 7 Is
the Date—Springfield Will Be
Invited.

The annual celebration of the anniversary of the arrival of the Madeira exiles in this country will be held this year at Nichols park. It has been the custom in the last few years to go out of town, and former celebrations have been held in Peoria, Bloomington and other places, but the original custom was to celebrate either in this city or Springfield, alternating between the two. This year Springfield will be invited to celebrate here and it is probable that the invitation will be accepted.

The nearest Thursday to August 23 of each year is the day set apart for the celebration, but in view of the fact that the picnic of the A. H. T. A. comes this week and the Eagles' carnival next, the rule was set aside for this occasion and the date changed to Sept. 7. It will be the fifty-fifth anniversary and the fifteenth picnic of the association.

The picnic committee of the association of the Madeira exiles is executive, and is composed of the following members from this city: President, E. M. Vasconcellos; secretary, John N. Joaquin; treasurer, A. P. Vasconcellos. This committee is supplemented by another committee as follows: J. A. Scott, John Day, Alfred Souza and John DeFreitas.

The program will consist of the usual chronological report of deaths of members of the association, given by the secretary, singing and addresses by local speakers.

The celebration will take the form of a basket picnic and the general public will be invited to participate.

FOREPAUGH SELLS CIRCUS

At the Baseball Park to Day—
Parade at Ten This Morning

The annual visit of Forepaugh-Sells circus materializes to day. The four trains of railway equipment necessary to transport the circus paraphernalia arrived at six o'clock this morning and from that moment all has been activity, for by 10 o'clock the parade will start and it is promised the street pageant will surpass all previous efforts in this line.

The spectacle this year which opens the circus performance is entitled Panama, or the Portals of the Sea, idealizing in heraldic and military magnificence, America's opening of the canal to the nation's world. All of the horses, elephants, camels and most of the men, women and children connected with the show will take some part in the spectacle, which is said to be a mirror of the world's military.

Three circus rings, two theatre stages, and a hippodrome oval will be occupied with novel circus attractions during the two hours necessary to carry out the huge program. Should the visitor tire of the vaudeville stage he has only to turn from one ring to another, where the eye will find some distraction or enjoyment in the antics of trained elephants, the dancing of steeds, the bareback riding of experts, or the thrilling aerial flights of the acrobats. There are three hundred and eighty performers in all; forty clowns will keep the fun element going along merrily; the Aurora Zouaves in their intricate military maneuvers; the seven O'Briens in a startling equestrian novelty; Captain Webb's two companies of twenty-edited seals and sea lions; the Wolowski troupe of Russian dancers; seven men and seven women presenting a series of national dances, while a troupe of Japanese entertainers will exploit their national athletics; the riders, gymnasts, acrobats, aerial artists, equilibrist and other performers of circus acts are in the main new to this country, and were brought here by the Forepaugh-Sells management for the tour of the big shows.

The three herds of elephants, including Congo and Zeffa, the two rare American elephants, the River Nile hippopotamus, the pure white polar bears, two tank cages of Arctic seals and sea lions, a collection of Royal Bengal tigers, four groups of Asiatic lions, the tapers and many other rare and expensive wild creatures will hold receptions in the menagerie. A kindergarten of monkeys gathered from all parts of the world, is a unique feature of this department. Empress, said to be the finest specimen of a female lion in captivity has an interesting family of four cubs, born two days ago at Toledo, Ohio, which add considerably to this wonderful collection of animal features.

NEWS NOTES FROM ILLINOIS TOWNS

A Tin Can in Church—Berlin
Man Arrested—Drowned in
Rock River—Shot His Mother
by Accident.

A TIN CAN.
Louis Torry was arrested in Springfield by Deputy Sheriff Canfield for disturbing the religious meeting of a local colored church. Torry is said to have tied a tin can to a dog's tail and then liberated the frightened canine in the church. The noise of the dog tearing about the pews with a tomato can that had served its usefulness attached to its tail was certainly enough to cause religion to be forgotten for a time, while the offender could be captured.

J. J. MEILKE ARRESTED.
John J. Meilke, of Berlin, was arrested at Beardstown and taken to Springfield on a charge of obtaining money by false pretenses. Meilke was incarcerated in the county jail and will be given a hearing before Justice John R. Booth. Complaint in the case was filed by D. E. Conwell, who alleges that Meilke obtained a sum of money from him by false representations. After securing the money the defendant is alleged to have gone to Beardstown, where he was located and arrested.

DROWNED.
Herman Melin, of Moline, and Ben Brooks, of Oso, camping at Rock river, were drowned Sunday. In company with two young women they went out rowing. Thinking the water shallow, they threw the young girls overboard. Scrambling back, the girls threatened to throw the young men out. The young men jumped into water fifteen feet deep and were drowned.

SHOT HIS MOTHER.
Mrs. John Gemming, of Beardstown, received a part of the contents of a load of shot in her face as a result of the accidental discharge of a gun being carried through the kitchen where she was at work by her 19-year-old son, Howard Gemming. Her injuries were not serious, although sixteen small shots were picked from her face by a physician.

LAST OF THE ELECTORS.
Zachariah Hash, of Chandlerville, is the only one of the 496 persons who voted at the first election ever held in that county now living in its borders.

STOCK YARDS.
Frank Robertson, of Jacksonville, has completed new stock yards just north of the depot at Drake and the first consignment of stock went out this week, consisting of four double-deck cars of hogs for Pittsburg. The pens have concrete floors and were admirably constructed at a cost of about \$5,000. Mr. Robertson owns 600 acres of land near Glasgow, on which he has erected an elevator. Whitehall Republican.

ATTEMPTED SUICIDE.
While in a demented state Saturday John Curley, for years head barber at the St. Nicholas hotel barber shop in Springfield, cut his throat with a razor at St. John's hospital and is now in a dying condition with no hopes for his recovery. His physician stated that there few, if any, chances for him to survive the wounds inflicted by his own hand on account of the immense loss of blood which occurred before the hospital attendants learned of his deed.

Special party in through special train; from Chicago, Peoria, Bloomington, Springfield and Jacksonville, to Denver: The C. & A. Ry. will run a special train through to Denver without change of cars, leaving Jacksonville Sunday, Sept. 3d at 3:57 p. m. This train will also carry the Woman's Relief Corps, the C. & A. Ry. having been chosen the official route. Standard and tourists sleeping cars will be provided. Fare for round trip only \$16.25.

COURT OF HONOR.

Court of Honor No. 30 held a regular meeting last night and initiated five members. After the exercises the entertainment committee gave a surprise in the way of refreshments, and the event proved a very pleasant one. After the good things to eat several toasts were given. The entertainment committee consists of Mr. and Mrs. Joe Wood, Mr. and Mrs. Geiseler, Mr. Swaberg, Mr. Shoppe and Mr. Marrs.

You Never Know the Moment
When this Information May
Prove of Infinite Value.

It is worth considerable to any citizen of Jacksonville to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all kinds of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

George Carter, of 212 North Caldwell street, says: "I can with pleasure recommend Doan's Ointment to any one troubled in any way with an irritation of the skin. Ever after I had an attack of fever I had a severe irritation of my scalp and neck treatment, though persisted in, did not remove it. In fact, did not help it. I saw Doan's Ointment so highly recommended that, acting on the advice, I procured a box from Dr. H. Lee Hatch's drug store. I used it as directed and a few applications were sufficient to entirely relieve me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no other.

DISCRIMINATING LADIES.

Enjoy Using Herpelde on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpelde speak of it in the highest terms, for its quick effect in cleaning the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allows that itching which dandruff will cause. Newbro's Herpelde effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out and later baldness. In killing it, Herpelde stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c in stamps for sample to The Herpelde Co., Detroit, Mich.

Inhabitants of a Mountain.

The peak of Apo, a huge volcanic mountain in the center of the island of Mindanao, has been added to the category of mountains remarkable for possessing animal species peculiar to themselves and differing from those of the surrounding lowlands. Dr. E. A. Mearns announces as the result of a month's examination of Apo that most of the species and several of the genera collected on its higher portions are new to science. It has added three genera and more than a score of species to the list of birds inhabiting the Philippines. Its animal life to a large extent differs not only from that of the lowlands, but also from that of the other highlands of the archipelago.—Exchange.

Wonderful Corn.
According to the Checotah (I. T.) Times, one of its readers, whose veracity is above question, tells the following: "The terrible news comes from the western part of the Cherokee Nation that a boy climbed a cornstalk to see how the corn was getting along, and now the stalk is growing up faster than the boy can climb down. The boy is clear out of sight. Three men have undertaken to cut the stalk down with axes and save the boy from starvation, but it grows so fast that they can't hack twice in the same place. The boy is lying on nothing but raw corn and already has thrown down over four bushels of cobs."

Tippling in France.
A serious movement is on foot to abolish the tipping system in France, as it has to a trifling extent been abolished in England. It is well known that a large percentage of the people who serve others live entirely on tips, and as the first step toward the abolition of this nuisance an official has made a careful and exhaustive calculation. He arrives at the conclusion that nearly \$80,000,000 is spent yearly in this way, and in Paris alone \$16,000,000 a year, or over \$44,000 a day, is expended in tipping waiters, cabmen, concierges, porters and others.

What Have You Done?

You are going to do great things, you say. But what have you done? You are going to win in a splendid way. As others have won. You have plans, that when they are put in force will make you sublime. You have mapped out a glorious upward course. But why don't you climb? You're not quite ready to buy, you say. The time to be starting is now—to day. Don't dally, begin. No man has ever been ready as yet. No ever will be. You may fall ere you reach where your hopes are set. But try and see.

You are going to buy a piano, you say. Or the installment plan. Your dreams are all right, but too far away. Don't be so slow. Man. For the world, when it judges the case for you. At the end, my son, will not think of what you are going to do. But of what you have done.

JACKSONVILLE**A UNIQUE DISPLAY.**The display of the Jacksonville Ci-
gar company in the show window of
F. L. Ledford's store yesterday at-
tracted a great deal of attention. It
is perhaps the only display of the
kind ever made by a cigar firm in this
city and is worthy of more than a
passing glance.The purpose of the exhibition is
to advertise the Jacksonville Cigar
Co.'s new cigar, the "Country Club,"
and contains the first thousand of
these cigars, which the company will
sell at auction this week, the pro-
ceeds to go to the two hospitals. Be-
sides the cigars are a number of curi-
osities and samples of tobacco, ar-
tistically and pleasingly arranged.
The boxes with the lids open so as
to display the goods and the labels
are grouped in the rear, with the
other articles arranged in front.C. J. Wolfe, junior member of
the firm, has shown what can be done with
a tobacco leaf. He has taken a large
leaf, and has carefully separated the
clear leaf from the main
stem, and the side stems,
has rolled each section into a tiny
cigar, which hangs from the stem by
a portion of the leaf, which was not
torn loose. There are 21 of these lit-
tle cigars, decreasing in size from bot-
tom to top. The whole presents an
unusual sight. There is also a long
cigar, fashioned so as to resemble a
snake, with an inscription saying
that it is the result of "smoking bad
cigars." The moral is obvious,
"smoke the Country Club." A large
cigar, which will smoke, is labeled,
"Country Club cigars will last as long
as this one." This cigar will be pre-
sented to the highest bidder on a box
of cigars. There is also in the win-
dow a bunch of Sumatra wrappers,
such as are used on the "Country
Club" cigars, and a carrier of genu-
ine Havana tobacco.The window was trimmed by C. P.
Copp, window dresser for F. Frank,
and the result is a fine tribute to his
skill, as well as to the enterprise of
the Jacksonville Cigar Co.**NEW CARS SOON.**Superintendent Krotz of the local

Marshall Field is said to pay taxes on \$68,000,000 real estate and \$10,000,000 personal in Chicago, to say nothing of taxes in other places. Evidently he doesn't understand the science of swearing off as well as some of the other multi-millionaires.

President Shonts of the canal commission has taken hold of his job by the right end. He finds that the canal work was begun with the idea of seeing how much could be done in a given time. He says that the first thing to do is perfect sanitary conditions. This will be better for the workers, and in the end will be better for the work. If the isthmus is made healthful the work can be pushed without interruption. If ill health is allowed to continue the work may fail altogether.

Members of the Terra Haute, Ind., school board are opposed to all fact teaching in the public schools and will insist on additional rudimentary board has ordered the superintendent of schools to stop all teaching of the industrial arts in the schools and to notify teachers to give more of their time to instruction in the elementary basis of common school education.

The resignation of Lord Curzon of Kedleston, viceroy of India, and the appointment of the earl of Minto as his successor has been announced in England. According to the correspondence, which is issued in the form of a White Book, it appears Lord Curzon's resignation was called to that office on Aug. 12. The correspondence shows a decidedly bitter feeling between Lord Curzon and Lord Kitchener, commander in chief of the forces in India, over the new plan of army administration in India. Lord Curzon's dissatisfaction came to a head with the refusal of the cabinet to appoint Maj. Gen. Sir Edmund Barrow on Lord Curzon's recommendation, military supply member of the council.

FEES WERE TOO LARGE.
 It is reported maintenance in office may be charged against the nine trustees of the sanitary district of Chicago for voting to Senator Albert J. Hopkins more than \$5,000 in one year for services as special counsel in the case of the sanitary district against the Pennsylvania railroad company. Suit to recover more than \$14,000 from Senator Hopkins may follow, he having been paid for his services \$24,034 in two years. All the facts in the case are expected to be forthcoming when Governor Deneen receives the report of the trustees. This report, required by the last general assembly, must be filed with the governor Sept. 1. The report it is said, will show that Senator Hopkins or the law firm of Hopkins, Dolph, Peppers & Hopkins, received for "legal services" during the years 1903 and 1904 the sum of \$24,034.50, while the law is specific in declaring that "the amount received by any attorney shall not exceed the sum of \$5,000 per annum."

TO TEST LABOR LAW.
 The constitutionality of the newly amended convict labor law is to be tested in the Illinois courts. The school board in the city of Elgin is preparing to ignore the law in the letting of a contract for school furniture, for the avowed purpose of having the supreme court of the state pass upon the validity of the act which compels all school boards in the state to purchase its supplies from the state board of prison industries. As soon as the Elgin board awards its contract for school desks to a Chicago firm, as contemplated the board of prison industries will call the attention of Attorney General Stead to the matter and the attorney general then will institute injunction proceedings in the circuit court of Kane county to restrain the school authorities from making any payment of school funds upon the contract. The case then will be carried to the supreme court, by agreement, in order to get a final decision on the law. At a recent meeting of the Elgin school board Charles H. facturers submitted a bid for school furniture, which the school board contends is lower than that made by the board of prison industries, aside from the fact that the desk is superior to the prison made article. A representative of a Precept foundry company, which manufacturers the fittings for the desks, was present at the Elgin board meeting and announced that his company would stand all expenses of carrying the case to the court of last resort in order to secure a decision on the constitutionality of the law. The school board thereupon took steps to advertise for bids for supplying the desks it desired, with the object of getting the matter into the courts.

SENATORIAL.

Gov. Deneen's proposition to pledge candidates for the legislature before the primaries are held next spring is gaining favor down the state, where it is advanced as the one method of maintaining party harmony through the senatorial contest, says the Chicago Tribune.

The governor asserts, and citizens are beginning to realize, that the senatorial contest can be used as a cloak for the worst element in politics to get into the legislature. He insists that election of a decent legislature is of as great importance to the state as the election of a United States senator. In the dust of the contest for the senate, however, the interests of the state legislature are lost sight of.

By pledging the candidates for the legislature it is maintained that a higher grade of men can be secured and the danger of a corrupt general assembly avoided. It is argued that both senatorial factions would be concerned with the character of men who are put up in any senatorial district.

The governor has preached this doctrine so assiduously in the last month to down state politicians that he is beginning to make converts and in different localities his idea has been taken up. In Clark county the following pledge has been proposed:

"I pledge myself to vote for the person receiving the plurality of votes in Clark county for United States senator at the next Republican primary election so long as he continues a candidate and in all matters to support the present state administration."

This pledge goes further than the one Deneen suggested, in that it binds the candidates for the legislature to support the governor at the next session of the general assembly. The Yates people are assured a square deal from Deneen, but it is probable that they would prefer a well defined fight between the state and federal organizations. They believe it will come to this and while they assert that they are willing to accept the governor's proposition they do not believe their opponents will.

The governor makes a good argument for the proposal by showing how the personnel of the legislature will suffer if the contest be allowed to run riot. When the only question asked a legislative candidate is whether he is for Yates or Cullom for the United States senate it is easy comparatively for the corporations interested in legislation to place a large quota of men in the general assembly.

WANTED ICE WATER.

Springfield Journal—Jacob Cohen's disposition has caused him additional troubles while he is a prisoner in the county jail and in the future he will be deprived of the liberties that have been accorded him since his incarceration. The end came yesterday when Cohen demanded ice water and intimated that he was not a common prisoner and should be shown some courtesy.

Cohen has not been partaking of meals served to other prisoners but his food is brought from a local restaurant. Sunday morning when the water arrived the men were busy cleaning the cells and corridors and Cohen was allowed to go into the jail office to eat his morning meal. He asked for ice water, expressed a desire to have beer kept on ice for him, and also asked for other privileges that are not given other prisoners.

While in the office Cohen made himself rather objectionable to the jail attaches and Jailer William Childers informed the Jacksonville bankrupt that in the future he would be treated as a common prisoner and no ice water would be furnished him. Cohen took the ultimatum without a whimper, but so long as he remains in jail he will be compelled to abide by the prison rules.

Cohen's friends have been looking after his welfare while he is in jail and the new order will not prevent his having his meals sent to the prison. Cohen sleeps in a bed and the records show that his bunk number is two, and he has been assigned to cell No. 3, on the lower tier. The former Jacksonville junk dealer has made friends with a number of the prisoners and he is known as a "good fellow." Cohen has a small amount of money on hand, it is said, and he shares it with the prisoners who want tobacco and other supplies.

Cohen's daughter paid him a short visit at the jail. The prisoner talked with her for some time through the bars. Cohen has been in prison three weeks, but shows no ill effects. During the first few days he communicated but little with fellow prisoners, but seems to be resigned to his fate and is one of the jolly ones.

ROBBED AT BEARDSTOWN

Mrs. A. F. Franks of This City Said to Have Lost Baggage at Burlington Station in That Place Saturday at Noon.

"Considerable excitement was caused at the C. B. & Q. depot at noon Saturday by the announcement that some person alighting from the passenger train No. 8, south bound, had stolen a suit case from a lady passenger bound for St. Louis.

"The lady alleges that some person, when this station was reached, stooped over her and inquired the name of this city, at the same time taking from her suit case, containing her clothing and a purse filled with money. She seemed to be under the impression that some person traveling with the show troupe that got off here had taken her property. She says she is able to recognize the guilty party.

The theft was reported to Policeman Thos. Doyle, and a search was immediately instituted. The show people went to the Lindell hotel for dinner and she, with the officer, went over there, but the woman, taking only a momentary glance, said the guilty person was not in the crowd. The search was extended to the B. & O. depot, but nothing of consequence was learned.

"The lady, whose name is Mrs. A. F. Franks, and who says she lives in Jacksonville, Ill., boarded the train at some station north of here, and was bound for St. Louis. She, however, remained in this city this afternoon, thinking possibly the property could be recovered.

This is the second occurrence of this nature which has been reported from the neighborhood of the depot in the past two weeks."

The above is taken from the Saturday issue of the Beardstown Illinoisian-Star. Mrs. Franks is still out of the city, but it is reported that her property was recovered.

DEATH RECORD

UPP.

Mrs. Clara Belle Upp, aged 22 years, died at Passavant hospital Sunday afternoon at 3 o'clock. She is survived by her husband and two small children, residing at the family residence, 638 North Main street, her parents, Mr. and Mrs. M. Jensen, one sister, Miss Rose Jensen, and three brothers, Charles, Albert and Frank Jensen, of this city.

The funeral services will be held at 3 o'clock Wednesday afternoon, in charge of Rev. W. F. Short, at the State Street Presbyterian church. Interment will be in Diamond Grove cemetery.

FUNERALS

DILLER.

The last respects to the memory of Roland W. Diller were paid Sunday afternoon when the funeral was held at 3 o'clock at the First Presbyterian church in Springfield. Preceding the services at the church, Rev. J. E. Rogers, pastor of the Third Presbyterian church, read a scripture lesson at the residence. At the church the congregation joined in singing "Come Thou Fount of Every Blessing," which was the favorite of the deceased.

Rev. T. D. Logan, pastor of the First Presbyterian church, preached an excellent sermon, paying a high tribute to the departed citizen. Chas. A. Crane, of Boston, an old acquaintance of Mr. Diller's, who is spending his vacation in Jacksonville, went to Springfield to attend the funeral and was asked to speak. He made a beautiful talk and dwelt on Mr. Diller's life and his deeds of kindness. The choir sang "Kept by the Power of God" and "On Christ the Solid Rock I Stand."

At Oak Ridge cemetery, where the interment was made, Rev. J. E. Rogers offered a prayer and E. R. Ulrich made the final remarks at the grave. Rev. T. D. Logan said the benediction. The bearers were C. F. Mills, Alfred Booth, J. H. Feltham, Shelby Dorwin, Robert Patton and H. D. Giger.

BIRTHDAY SURPRISE.

Carl Schafer was pleasantly surprised at the home of his parents, Mr. and Mrs. J. J. Schafer, on East College avenue, Monday evening, the occasion being his 22d birthday. The affair was planned by his wife and it is needless to say that Mr. Schafer was greatly surprised. The evening was most pleasantly spent with cards and various other amusements. Light refreshments were served, which added much to the pleasure of the occasion.

William Doolin, who recently purchased the bottling works successfully carried on by Harris Bros. in Clinton Ill., yesterday removed his family there and will take possession on Sept. 1.

PIONIO A SUCCESS

Large Crowd Goes With Knights of Columbus to Riverside Park—Many From Other Cities.

The K. of C. excursion to Riverside Park, near Havana, Sunday was a grand success in every particular. The day was an ideal one for such an occasion, and about 500 people from this city took advantage of the opportunity to enjoy a day's outing. The excursionists were carried in a special of six coaches, and arrived at the park at about 11 o'clock.

Other cities sent large delegations to the picnic. Peoria had a special of nine coaches, Galesburg six and Springfield six. All united in a basket dinner soon after their arrival and enjoyed a grand time.

The attraction of the afternoon was the ball game between Springfield and Peoria. The latter won by a score of 20 to 0 in a loosely played game. Daniel Sweeney, of this city, was the umpire.

The dance proved a source of pleasure, and many participated throughout the afternoon. The occasion altogether was one of fellowship and general good feeling.

The Jacksonville Knights and their friends returned on their special, leaving Havana at 7 o'clock, and arriving in this city at 8:45 o'clock.

A committee of members from the councils represented was selected to meet in Peoria Sunday, Sept. 2, for the purpose of setting the time and place for the next picnic. An effort will be made by the representatives of the local council to have the picnic in this city.

DIRECTORS ELECTED.

The stock holders of the Jacksonville Sand-Cement Brick company met in the offices of T. H. Buckthorpe for their first time Monday evening and got the company under way. The many possibilities of the company were discussed and what they intended to do in the future. After the preliminaries had been attended to, T. H. Buckthorpe was elected temporary chairman and W. W. Gillham secretary. The election of directors for one, two and three years showed W. H. Cocking, Robert Buckthorpe, W. J. Moore, Frank Fanning, T. H. Buckthorpe, Luther Smith and W. W. Gillham formally elected.

The company has several sites under advisement and will start the erection of their plant in a very few days. It is composed of young men throughout, and is starting under the most favorable conditions. Jacksonville needs just such things as this to make her walk and there would be a few more of them started during the coming winter and spring, there is no reason why the city should not boom. There are lots of people who are ready and willing to help such concerns, but the moneyed men of city must help them. All the new company asks is that their product be given a show. It will do all that is claimed for it, and if there is any one who wants good brick, they can place their order now. The next meeting of the directors will be held in a few days and formal rules and working lines adopted.

BOX CAR BODIES FOR SALE.

They make the best wheat and oats granaries. Good for shop or other outbuilding. No better corn crib. So strong, if storm blows over can be replaced on foundation no worse for the fall. Delivered on your farm and set on foundation for \$35.00 to \$50.00 according to size, condition and number you buy. Farmers in Jersey, Greene and Pike counties have found them cheap and useful enough to purchase as many as half a dozen for one farm. One lumber, grain and coal dealer owns eight, which is certain evidence that these cars are cheaper and more substantial than you can build. Good note same as cash. Special salesmen on ground every Saturday, 11 a. m. to 3 p. m., at storage yards (Portuguese hill) about 1 mile north of Jacksonville. If you will examine these cars before building you will buy and not build. Man in charge resides at yards and will show you cars any time. Telephone 072. Matthew Johnson, Mgr.

FOR MR. AND MRS. GREGG.

Mr. and Mrs. A. W. Petefish entertained a number of friends at their pleasant home in Litterberry Saturday in honor of Mr. and Mrs. J. Gregg of Vandalia, Mo. The afternoon was pleasantly spent, after which a bounteous supper was served. Those present were Mr. and Mrs. James Gregg, of Vandalia, Mo.; Mr. and Mrs. L. H. Litter, of Woodson; A. E. Petefish and family, of Springfield; Mr. and Mrs. D. T. Litter, Mrs. E. B. Litter, Mr. and Mrs. H. W. Petefish, Mrs. S. Collins, G. T. Litter and family, Mr. and Mrs. M. O. Smith, Mr. and Mrs. F. L. Topsy Hosiery for Men, Women and Children

We have sold thousands of pairs of the popular Topsy make of stockings, and our past experience proves that we can safely guarantee absolute satisfaction to the wearer of the Topsy hose. Your stocking troubles are over if you buy our Topsy make, because we will cheerfully replace any pair which is not satisfactory in wearing and washing qualities.

Topsy stockings are up-to-date, they are a deep rich black that improves with washing. They come in fine cotton, in plain lisle, in gauze and lace lisle, in all black or fancy colors, for men, women and children, at 25c, 35c and 50c a pair.

Pasture For Hogs.
Any man who raises hogs and keeps them on dry food most of the time or a grain diet fed in any way would be astonished to see how the hogs will go for anything green. At this season of the year the hog will be almost wholly dependent on the green food. There is nothing better to furnish permanent pastures than clover. Alfalfa has become very popular, but something easier to have on many farms is a mixture of clover and orchard grass.

Life in the Henhouse.
Carelessness is more responsible for lice, roup and cholera than any other cause. Keep the roosts clean and well ventilated and give nothing but pure, wholesome feed, and you will reduce these hindrances to a minimum.

FAMILY GATHERING.

At the home place of the Rev. H. L. Johnson, deceased, now owned by John Thady, a long time friend of the Johnson family, situated three miles and a half west of Murrayville, occurred the reunion of that family on Thursday last. The day was also the birthday of A. J. Johnson, which fact gave added interest to the day.

By half past ten o'clock all the guests had arrived for the day and the ladies had begun to unpack their baskets, disclosing a bountiful supply of good things. When the hunger of all had been fully appeased, the table was cleared and A. J. Johnson, whose 48th birthday fell upon the same date was called upon for a short address. He responded happily, recalling the time when as children they had assembled around the festive board and the scenes of happiness and also of sorrow with which the premises were associated.

At the conclusion of this address, the heard with deep interest, the sister, Mrs. James Rea, and her son, and the oldest brother, business Johnson, of Manchester, remarks, after which the took an active part with and music, and Robert Manchester played a few Na the violin.

HEAVY FIRE LOSS

Barn and Sheds on Farm of Thomas Hembrough Burned Sunday Night—Insurance Is Light.

Thomas Hembrough, living a few miles southeast of the city sustained a severe loss by fire Sunday night, his barn and several other buildings being destroyed.

The eastern skies were lighted to a ruddy glow by the flames and was observed by many in this city. Although the sky was clear the light from the fire could be plainly seen.

The loss will amount to about \$2,500 with but \$800 insurance to offset it.

Somewhere about nine o'clock Sunday night a member of the family noticed flames shooting from the barn roof and it was not long until the whole structure was in flames. The barn contained various farm implements, 700 bushels of oats, some corn and a lot of new hay. A cattle shed, buggy shed and a scale house were also burned. Mr. Hembrough has no idea as to what started the fire.

MYERS BROS' TEAM

LOSES TO LOCALS

Two to One Is the Score in a Fast Game—Large Crowd Witnessed Game—Reds Lose to Bath.

Myers Bros' team of Springfield was defeated at the west side park Sunday afternoon by the score of 2 to 1. Springfield made her point in the first inning. Becker walked to first and went to second when Watson made first. Doyle threw wild to first to catch Watson, and Becker touched the plate. There was nothing doing until the fifth inning, when Jacksonville scored one. Wagner struck out and Baptist fled back of third. Nelson was under it but Littlejohn jumped in his way and the ball reached the ground, putting Baptist on second. Doyle singled to right center and Baptist went to third. Doyle went to second on a pitched ball and Baptist reached the plate, tying the score. Both teams fought hard to untie the score for the next four innings and Jacksonville was rewarded with one more run in the ninth. Belt hit to right center, taking two bases, and Schumm sacrificed him to third. Baptist hit to left center and Belt came home. The attendance was large and the crowd enthusiastic.

MEN PAST SIXTY IN DANGER.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 61 years old." Sold by J.A. Obermeyer, City drug store.
